

Hotel Bike

Hotel Bike Free Loaner Bicycle Program

Hotel Bike gives hotel guests the opportunity to borrow a bicycle for their own personal use. Our fleet of Electra Amsterdam Classic city bikes provides a stable and true ride over asphalt, concrete and cobblestone. Each classic-looking bicycle will be branded on both basket and frame with the hotel logo.

Getting a Hotel Bike

The *Hotel Bike* program will be stationed in a highly-visible, mutually agreeable area of the parking garage. Bikes will be released and returned here. Guests may either walk up to check-out a bike or they may reserve one by contacting the front desk. *Hotel Bike* will be open from 9am until 6pm.

Rates

The first two hours are complimentary. There is a minimal surcharge for each hour thereafter. All bikes must be returned no later than 6pm the same day. There is a late fee for bicycles returned after hours.

**HOTEL
BIKE**
FREE LOANER PROGRAM

Liability and Loss

Propark assumes liability for administering the program. Upon bicycle check-out, the hotel guest must sign a waiver form holding hotel and Propark harmless from liability and loss.

Included

Each loaner bicycle includes:

- Adjustable helmet
- Basket
- U-style lock and key
- Biking map of local area
- We also align *Hotel Bike* with a local bike shop to provide guided day tours and on-demand, on-street biker assistance.

Program Cost

Hotel Bike is a self-funding program. Revenues generated will offset ongoing cost for program oversight, administration and routine bicycle maintenance as well as repairs.

The Electra Amsterdam is the favored city bicycle of European commuters.

Green Facts

There are about a billion bicycles in the world, twice as many as motorcars.
